Dear Rector!

It is a great honor for me to receive your personal invitation to celebrate such an important event as the Day of the Cracow University of Economics.

Unfortunately, in these turbulent times for Ukraine, I cannot attend your wonderful holiday, but only can limit myself to congratulate sincerely and wish you and the entire team of CEU of new prospects and significant achievements in the development of a wonderful European educational institution - Cracow University of Economics!

I hope for further fruitful cooperation of our universities and reaching new heights in this.
