

Access to the Individual Student Account in USOSWeb – “Payments” Tab:

Access to the student’s individual bank account number will only be available after registration for the semester to which the fee applies, and – for students from the second semester onwards – after selecting an installment plan for tuition fees (single payment or in installments) within the deadline specified in the “Installment Plans” tab.

If the system does not display any fees due, but a payment should have been charged – please contact the Student Service Center (COS): <https://cos.uek.krakow.pl/centrum-obslugi-studenta/kontakt/>

The main content area has a header 'Uncleared debts' and an information box explaining that these are unsettled debts. Below this is an 'Interest' section with a date field and a 'Recount' button. The main part of the page is a table titled 'Debts for: Krakow University of Economics'. The table has columns for selection, date of payment, payment type, description, amount, and total. One row is visible for a tuition fee of 6200,00 PLN due on 2025-10-01. Below the table is a green button labeled 'Bank transfer details'. A red arrow points from this button to a text box that says: 'To access your individual bank account, check the box next to the payment you wish to make and then click on “payment details.”' At the bottom, there is a summary bar showing 'All debts: 6200,00 PLN'.
